

Periodic Update Checklist for Fully-Planning Counties

Overview: This checklist is intended to help counties that are fully planning under the Growth Management Act (GMA) conduct the “periodic review and update” of *comprehensive plans* and *development regulations* required by RCW 36.70A.130 (4). This checklist identifies components of comprehensive plans and development regulations that may need updating to reflect the latest local conditions or to comply with GMA changes since the last periodic update cycle (2015-2018).

Statutory changes adopted since 2015 are emphasized in highlighted text to help identify new GMA requirements that may not have been addressed during the last update or through other amendments outside of the required periodic update process.

What’s new: For the 2024-2027 update cycle, Commerce has updated and streamlined periodic update resources including checklists, guidebooks and a [webpage](#) to serve you better. A checklist and guidebook for *partially-planning jurisdictions* will be available prior to their 2026-2027 updates. A separate checklist is available for cities.

2021-2022 Legislative Session:

[HB 1220](#) substantially amends housing-related provisions of the GMA, [RCW 36.70A.070\(2\)](#) (codification pending). Please refer to the following Commerce housing webpages for further information about the new requirements: [Updating GMA Housing Elements](#) and [Planning for Housing](#).

[HB 1241](#) changes the periodic update cycle described in RCW 36.70A.130 (codification pending). Jurisdictions required to complete their update in 2024 now have until December 31, 2024 to finalize their review and submit to Commerce. Jurisdictions required to complete their updates in 2025-2027 are still required to submit prior to June 30th of their respective year. Additionally, jurisdictions that meet the new criteria will be required to submit an implementation progress report five years after the review and revision of their comprehensive plan.

[HB 1717](#) adds new requirements to RCW 36.70A.040 regarding tribal participation in planning efforts with local and regional jurisdictions (codification pending).

[SB 5275](#) amends RCW 36.70A.070(5)(d) enhancing opportunity in limited areas of more intense rural development (LAMIRDs) (codification pending).

[SB 5593](#) adds new elements to RCW 36.70A.130(3) regarding changes to planning and/or modifying urban growth areas (UGAs) (codification pending).

Local governments should review local comprehensive plan policies, countywide planning policies and multicounty planning policies (where applicable) to be consistent with the new requirements.

Checklist Instructions

With the most recent versions of your comprehensive plan and development regulations in hand, fill out each item in the checklist, answering the following questions:

Is this item addressed in your current plan or development regulations? If YES, fill in the form with citation(s) to where in the plan or regulation the item is addressed. Where possible, we recommend citing policy or goal numbers by element rather than page numbers, since these can change. If you have questions about the requirement, follow the hyperlinks to the relevant statutory provision or rules. If you still have questions, visit the Commerce [Periodic Update webpage](#) or contact the [Commerce planner assigned to your region](#).

Is amendment needed to meet current statute? Check YES to indicate a change to your plan will be needed. Check NO to indicate that the GMA requirement has already been met. Local updates may not be needed if the statute hasn't changed since your previous update, if your jurisdiction has kept current with required inventories, or if there haven't been many changes in local circumstances.

Use the "Notes" column to add additional information to note where your county may elect to work on or amend sections of your plan or development regulations, to call out sections that are not strictly required by the GMA, or to indicate if the item is not applicable to your jurisdiction.

Submit your checklist! This will be the first deliverable under your periodic update grant.

PlanView system and instructions: Completed checklists can be submitted through Commerce's PlanView portal. The PlanView system allows cities and counties to submit and track amendments to comprehensive plans or development regulations online, with or without a user account. You can also submit via email: reviewteam@commerce.wa.gov Fill out and attach a [cover sheet](#), a copy of your submittal and this checklist. *Please be advised that Commerce is no longer accepting paper submittals.*

For further information about the submittal process please visit Commerce's [Requirements and procedures for providing notice to the state](#) webpage.
